ABOUT OUR TOWN:

Cold Spring Harbor is located on Route 25 A in the heart of Long Island's fabled "Gold Coast". Known for its beautiful park, harbor, historic business district and fine restaurants, it welcomes visitors from all over the world.

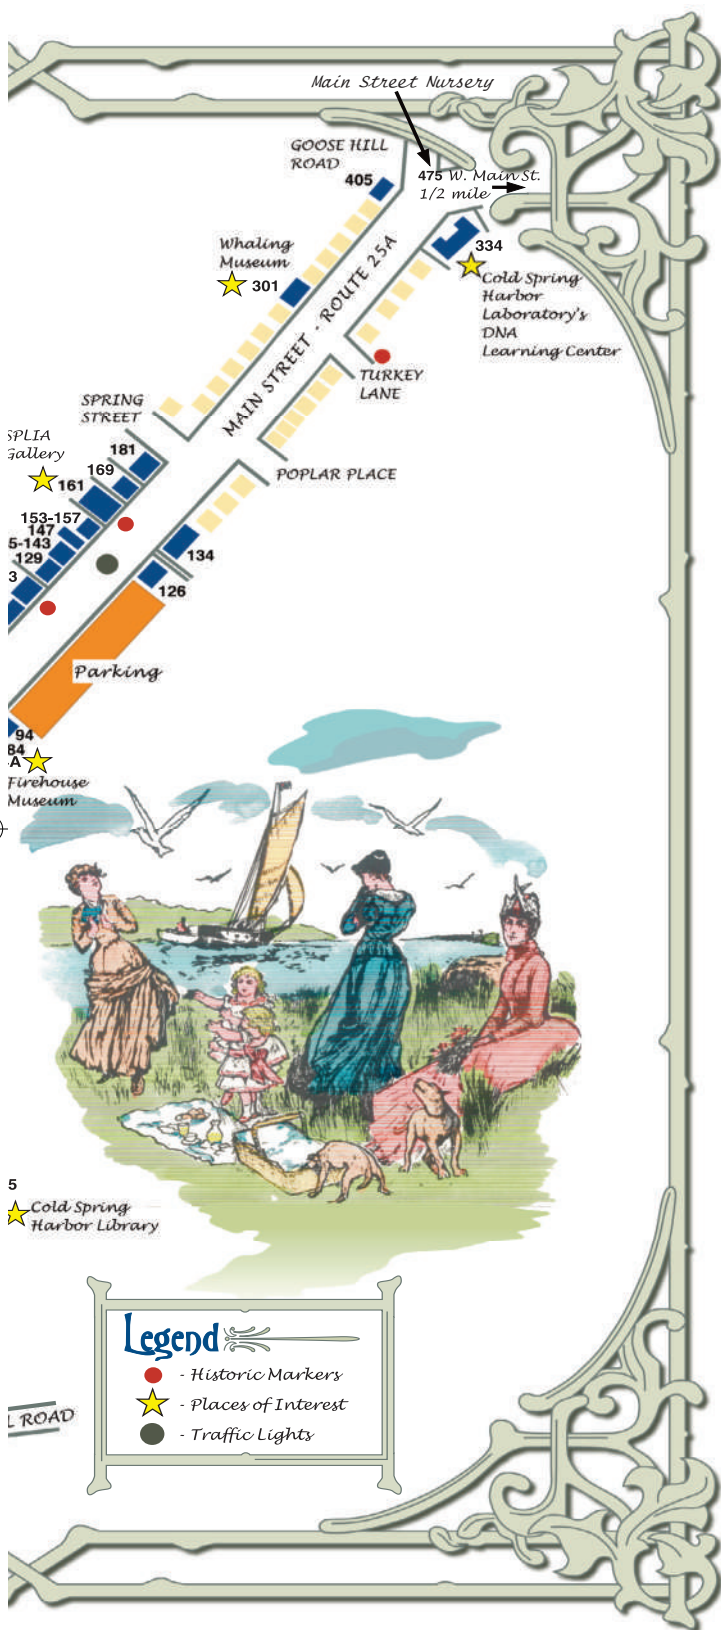

In the mid to late 1800's Cold Spring Harbor rose to prominence as a whaling town, a Port of Entry and resort community.

Today, it is the only community on Long Island whose entire business district is listed on the National Register of Historic Places.

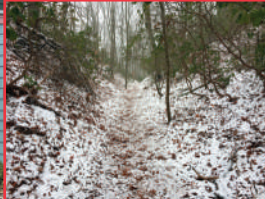

Where else can you find a myriad of shops, businesses and services in buildings that once served as the homes of ship captains or visit the world acclaimed Cold Spring Harbor Laboratory, The Whaling Museum, The Society for the Preservation of Long Island Antiquities, The Cold Spring Harbor Fire House Museum, The Dolan DNA Learning Center, The Cold Spring Harbor Fish Hatchery and Aquarium, Upland Farms Sanctuary (*home of the Nature Conservancy's Long Island Chapter*) or the starting point of Long Island's Green Belt Trail.

Whether you come to Cold Spring Harbor to shop, explore the nooks and crannies of its charming Main Street or tour its extraordinary museums and places of interest, you will soon come to realize that there is **NO OTHER** community like it, anywhere.

...The new dock was completed in 1885 and was named “Eagle Dock,” undoubtedly in honor of the first steamboat to ply Cold Spring Harbor’s waters. On the dock—which was really more of a bulkhead pier—was a freight house. The steamboat Sylvan Dell made the trip from Eagle Dock to Pier 23 in New York in two hours and fifteen minutes—half the time it took the American Eagle forty years earlier....
